RE: Procedural Notice – Civil Action No. 0:25-cv-01024-PJS-DTS
Grimmer v. Capital One, N.A. and Gurstel Law Firm, P.C.
Notice of Objection to Scheduling Until Motion to Remand is Decided

Dear Clerk of Court,

I respectfully submit this letter to accompany my filings in the above-referenced matter. This letter is intended to notify the Court that Plaintiff strongly opposes the issuance of any scheduling orders, hearings, or pretrial deadlines in this case until the pending Motion to Remand (filed April 9, 2025) is fully adjudicated by the Court.

As stated in the Motion and accompanying memorandum, the attempted removal by Defendants was procedurally defective under 28 U.S.C. §1446(d) and has no legal effect. Furthermore, procedural defaults have been conclusively established against both Defendants in the First Judicial District, Carver County, prior to the removal attempt. These defaults remain valid and fully enforceable under 28 U.S.C. §1450.

Proceeding with any scheduling or substantive orders in Federal Court while the motion to remand is pending would risk judicial inefficiency, unnecessary burden on the parties, and potential conflict with the jurisdictionally superior State Court.

Accordingly, I respectfully request that this letter be included in the record and considered part of my position with respect to case management until jurisdiction is resolved.

Thank you for your time and attention.

Respectfully submitted,
